PETITION FOR DUPLICATE LETTERS PATENT UNDER 37 C.F.R. §1.182

Dear Sir:

Applicants submit herein a Petition for Duplicate Letters Patent Under 37 C.F.R. § 1.182. The above referenced matter was transferred from the law firm of Womble Carlyle Sandrige & Rice, PLLC, to Howrey Simon Arnold & White in 2002. Upon a routine review of the prosecution file, Howrey Simon noted that the original Letters Patent from the U.S. Patent and Trademark Office was not yet received, nor was it forwarded from Womble Carlyle. An inquiry to the U.S. Patent and Trademark Office by Howrey Simon revealed that Womble Carlyle was still the attorneys of record in this matter.

Upon Howrey's request, Attorney David Bradin of Womble Carlyle checked his docketing files to determine if the Letters Patent was received. It was not. These facts are detailed in the attached declaration by Mr. Bradin, as well as in the attached copy of the docketing record provided by Womble Carlyle (Exhibit A).

Applicants believe that the original Letters Patent was lost in the mailing from the U.S. Patent and Trademark Office to Womble Carlyle. Therefore, Applicants now petition the U.S. Patent and Trademark Office for a Duplicate Letters Patent.

The requisite fee of \$130.00 under 37 C.F.R. § 1.17(h) is enclosed herein. Applicants believe that no other fee is required with this petition. However, Applicants hereby authorize the U.S. Patent and Trademark Office to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 08-3038 referencing docket number. 05882.0102.NPUS00.

Respectfully Submitted,

Dear Sir:

1. I, David Bradin, am the former prosecuting patent attorney for the above referenced matter.
2. On August 15, 2002, we received the issue notification from the United States Patent and Trademark Office. The above referenced patent subsequently issued on September 3, 2002.
3. By request of our client, Protein Design Laboratories, Inc., the above referenced matter was transferred to the law firm of Howrey Simon Arnold & White before the issue date. To my knowledge, Womble Carlyle did not file a petition to withdraw as attorneys in this matter.
4. On December 8, 2003, I was contacted by the law firm of Howrey Simon Arnold & White regarding the receipt of the ribbon copy from the United States Patent and Trademark Office. I was informed that Howrey Simon did not file a revocation/power of attorney in the above referenced matter, and were informed by the United States Patent and Trademark Office that Womble Carlyle continued to be the attorneys of record in this matter.

5. On request by Howrey Simon, I investigated the status of the ribbon copy receipt by our office. Our docketing records indicated that we never received a ribbon copy of the patent from the United States Patent and Trademark Office (Exhibit A).

6. All statements made on the basis of personal knowledge are true, and all statements made on the basis of information and belief are believed to be true. Further, these statements are made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under Section 1001, Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
